Profile Summary

Highly motivated and detail-oriented **B.Sc. in Internet of Things (IoT) graduate** with a strong foundation in **embedded systems, IoT applications, and programming languages including Python, C, C++, and Embedded C**. Possess hands-on experience in **academic projects** such as Smart Street Light, Smart Home Automation, and Smart Dustbin, demonstrating expertise in **Arduino IDE, ESP32, Blynk IoT, MySQL, and sensor-based automation**. Certified in **AWS Cloud Security, VMware Virtualization, and Microsoft Machine Learning**, with additional exposure to **IoT, AI/ML, Cloud Computing, and Cybersecurity**. Equipped with **problem-solving, teamwork, and technical implementation skills**, and eager to apply theoretical knowledge to **real-world IoT and technology-driven environments** to contribute meaningfully to organizational goals.

Education

Year	Qualification	Institution	Percentage
2023-2026	BSc IoT	Kristu Jayanti University, Bengaluru	68.9%
2020-2022	Class XII (PCMC)	St. Claret Pre-University College, Bangalore	63%
2019-2020	Class X	St. Thomas English Medium High School	97%

Internships/ Experience

Cybersecurity with AI Intern

Cisco Networking Academy (Virtual)

JUL 2025 – AUG 2025

- Learnt about **security vulnerabilities** and **threat assessment techniques**.
- Explored **cybersecurity practices** including **risk analysis** and **incident response**.
- Understood how to prepare **security reports** and document **recommendations for system protection**.

Robotic Process Automation Intern

Daemon Education Technology, Hyderabad (Virtual)

JUN 2025 – JUL 2025

- Learnt about **RPA workflows** and their role in optimizing **business processes**.
- Gained hands-on experience with **automation tools** and **workflow design** for task management.
- Explored **process analysis** and **documentation** to identify **automation opportunities**.

Position of Responsibility

- **Class Representative** – College (2nd & 3rd year)
- **Cricket Team Leader** – School Level
- **Team Lead** – Synapsz '25 (Intra-College Fest)
- **Team Lead** – Innopitch'25 (Intra-College Fest)

Extra Curricular Achievements

Certifications	• Complete UNIX & Linux OS Fundamentals Training – Infosys Springboard, Jul 2025 • Junior Cybersecurity Analyst Career Path – Cisco Networking Academy, Jul 2025 • Mastering Digital Twins – EIT Digital (Coursera), Jul 2025 • Introduction to Cybersecurity – Cisco Networking Academy, Jun 2025 • Mastercard – Cybersecurity Job Simulation – Forage, Mar 2025 • Foundations of Cybersecurity – Google, Dec 2024 • Basics of Money – INDmoney, Nov 2023 • Digital Engineering (IoT, AI/ML, Cloud, Cybersecurity, Edge Computing, Big Data) – FutureSkills Prime, Oct 2023 • AWS Academy Cloud Security Foundations – AWS, Sep 2023 • Computer Vision Onramp – MathWorks, Sep 2023 • IT Academy: Cloud and Virtualization Concepts – VMware, Sep 2023 • Microsoft Machine Learning Challenge Collection – Microsoft, Sep 2023
Competitions and Awards	• Smart India Hackathon 2024 – College-level winners • Smart India Hackathon 2025 – College-level winners
Projects	Gmail Spam Folder Automation Bot (<i>Jul 2025</i>) • Developed an RPA solution using UiPath Studio to automate weekly Gmail spam folder cleanup. • Scheduled automation to delete spam emails every Friday at 5 PM, saving 30+ minutes weekly. • Implemented UI automation and error handling for consistent email management. UiPath Drinking Water Reminder Automation (<i>Jul 2025</i>) • Created a daily hydration reminder bot using UiPath Studio for personal productivity enhancement. • Automated personalized water intake notifications and deployed via UiPath Assistant. • Published workflow as an executable package, demonstrating RPA application in wellness. Smart Dustbin with IoT and Telegram Alert System (<i>Mar 2025</i>) • Built an IoT-enabled smart dustbin using IR and ultrasonic sensors with ESP32. • Integrated Telegram alerts and Blynk IoT Cloud for real-time waste monitoring and remote lid control. • Designed system to lock automatically at 80% capacity and provide real-time analytics. Smart Gloves for Home Automation and Emergency Assistance (<i>Oct 2025</i>) • Designed and developed a wireless gesture-controlled glove using flex sensors and ESP32 for IoT-based automation. • Programmed individual finger gestures to control devices (fan/light) and trigger emergency actions via Telegram and Twilio APIs. • Implemented threshold-based gesture recognition, enabling reliable and real-time command execution.

Additional Information

Languages Known	English (Proficient), Malayalam (Native), Hindi (Intermediate)
Computer Proficiency	Python, C, C++, Embedded C, HTML, CSS, JavaScript, MySQL, Arduino IDE, UiPath Studio, MS Office, Canva
Soft Skills	Strong interpersonal skills, Adaptable, Team collaboration and interpersonal skills
Willing to Relocate	Yes, open to Pan India opportunities
