Bangalore, Karnataka • [LinkedIn](#) • sherinshaji324@gmail.com • +91 8589911412

Education

Kristu Jayanti University

BSc Internet of Things • 7.42 CGPA

Relevant Coursework: Embedded Systems, IoT Applications, Cloud Computing, Cybersecurity, AI/ML

Bangalore, India

July 2026

St. Claret Pre-University College

Class XII (PCMC) • 63%

Bangalore, India

April 2022

St. Thomas English Medium High School

Class X (SSLC) • 7A+,3A

Kerala, India

May 2020

Experience

Cisco Networking Academy (Virtual)

Cybersecurity with AI Intern

Bangalore, Karnataka

Jul 2025 – Aug 2025

- Explored security vulnerabilities, threat assessment, and cybersecurity practices.
- Performed risk analysis and studied incident response methodologies.
- Prepared security documentation and system protection recommendations.

Daemon Education Technology (Virtual)

Robotic Process Automation Intern

Hyderabad, Andhra Pradesh

Jun 2025 – Jul 2025

- Developed understanding of RPA workflows and business process optimization.
- Worked with automation tools and workflow design concepts.
- Analyzed business processes to identify automation opportunities.

Projects

Smart Dustbin with IoT and Telegram Alert System

Mar 2025

- Built an IoT-enabled smart dustbin using ESP32, IR sensors, and ultrasonic sensors.
- Integrated Telegram alerts and Blynk IoT Cloud for real-time waste-level monitoring and remote device control.
- Implemented automatic locking mechanism at 80% capacity.

Smart Gloves for Home Automation and Emergency Assistance

Oct 2025

- Developed a gesture-controlled smart glove using flex sensors and ESP32.
- Enabled wireless control of home appliances through finger gestures.
- Integrated Telegram and Twilio APIs for emergency alert notifications.

Gmail Spam Folder Automation Bot

Jul 2025

- Automated Gmail spam cleanup using UiPath Studio.
- Scheduled weekly deletion workflows with error handling mechanisms.
- Reduced repetitive manual email management tasks.

Skills & Interests

Technical: Python, Embedded C, HTML, CSS, MySQL, ESP32, Arduino IDE, Blynk IoT, UiPath Studio, Git/GitHub, MS Office

Language: English (Proficient), Malayalam (Native), French (Beginner)

Interests: IoT Innovation, Smart Automation Systems, Cybersecurity, AI Tools, Emerging Technologies, Tech Communities
